NEVADA'S QUOTA FOR LIBERTY LOAN

(Special to Bonanza.)
RENO, Nev., Oct. 9.—A telegram from headquarters announces that Nevada's quota for the second Liberty Loan is \$2,868,858, or nearly one million dollars more than for the first loan. This sum is the minimum and failure to raise it will brand Nevada a slacker state. We are expected to raise much. Will call for the best efforts of every Nevadan who loves his country and his state. The more we do the more of our boys will come back to us after the war.
H. A. LEMMON,
Campaign Manager.

PROVISIONAL GOVERNMENT SUCCEEDS

(By Associated Press.)
PETROGRAD, Oct. 9.—The provisional government has apparently won a complete victory over the preliminary parliament. The parliament, christened officially "temporary council of the Russian republic," sits until the constituent assembly convenes. It has been agreed that the council will have the right to put questions, but not demands to initiate legislation on state questions, or deliberate on measures which the government presents.
The Petrograd strike was simultaneously with the government promulgating a law providing special food supplies for railwaymen. The newspapers say that pending publication of those measures the government will refuse to negotiate with strikers and is considering the question of taking legal action against the strike committee. A number of railway battalions have notified the government of their willingness to co-operate for ending the strike. The latest reports are that only the Moscow and Petrograd railways are affected. Workmen on other lines are protesting against the strike.

SUBSCRIBERS TO LIBERTY BONDS

(By Associated Press.)
RENO, Nev., Oct. 9.—The Nevada industrial commission purchased \$50,000 and the Western Pacific railroad \$100,000 worth of Liberty Bonds. These are the first large subscriptions reported to the committee, whose organization is practically complete, and the campaign is on in earnest. The woman's auxiliary committee promises great activity. The second issue of bonds is promised for delivery on the 15th of this month.

PIONEER MERCHANT CROSSES THE DIVIDE

PROMINENT NEVADAN PASSES IN RENO AFTER RESIDENCE OF FORTY YEARS.

Death Saturday claimed one of the most widely-known figures in Nevada, in the person of Sol Hill, pioneer merchant and mining man, who succumbed after a lingering illness at his home in Reno. Few men in this state have played a more prominent part in its early development or were held in higher esteem by the people who have known him for years.

Thousands of residents of White Pine county will regret to learn of the passing of the man who, perhaps more than any other one person, helped to make early history in that district. In business, in civic affairs and in politics, Sol Hill bore the reputation of being always fearless, aggressive and honest. The need of the state and of the community in which he lived were ever considered of paramount interest.

PEERLESS ENGINEERS FAVOR ASPHALT BASE OIL

Further recognition for motor oil made from California asphalt-base petroleum was brought to light recently when a prominent Peerless dealer showed a group of newspaper men a letter from the Peerless factory.

This letter stated that after testing several kinds of oil the technical department was able to secure uniform results with a certain widely-known, advertised motor oil made here on the Pacific coast from California asphalt-base petroleum than from any of the oils which they tested.

(By Associated Press.)
MEXICO CITY, Oct. 9.—President Carranza has issued a decree providing that if the funds for the federal bank of emission, the capitalization of which was to have been \$50,000,000 pesos, are not raised by an exterior loan prior to April, 1918, the bank will be opened then with a capital of 5,000,000 pesos raised by interior subscription. Many private individuals and government officials and employees already have agreed to donate from one to two days' pay each month for the raising of this fund. Each of those who contributes will become a shareholder in the bank.

MANY FOLLOW REMAINS TO THE SILENT CITY

OLD RESIDENT OF TONOPAH WILL BE REMEMBERED IN SPIRIT OF FRIENDSHIP.

One of the longest and most imposing funerals seen in Tonopah for a long time was the cortege which passed down Main street last evening at 5 o'clock, when the remains of the late John Mrecoch were borne to the grave. The procession was headed by the Tonopah Military band and the Young Men's Serbian society in full panoply. After the hearse came fifty or more autos filled with friends of the deceased.

Mr. Mrecoch was a native of Herzegovina, a Serbian province now under the rule of Austria. He is survived by a wife. The deceased came to Tonopah twelve years ago and worked in the mines until his health failed, when he engaged in other business. He was a man greatly esteemed by his fellow countrymen and the people generally.

Sadayakko, as she is better known, is the pioneer Japanese actress of the new school. She studied western drama in the United States and Europe and on her return to Japan founded a training school for actresses.

REICHSTAG POSTPONES DEBATE.

(By Associated Press.)
AMSTERDAM, Oct. 9.—Owing to the various parties having convoked meeting for this morning to consider the situation arising from the sitting of the reichstag, says a Berlin dispatch, the debate which was planned for today has been postponed until tomorrow. The chief subject of discussion will be war aims, but, according to this dispatch, the imperial chancellor, Dr. Michaelis, has gone to headquarters.

RESERVES DECISION IN CONTEMPT CASE

ACTION GREW OUT OF REFUSAL TO PRESENT PAPERS AT TRIAL.

(By Associated Press.)
SALISBURY, N. C., Oct. 9.—Superior Judge Cline today reserved decision in the contempt proceedings brought by counsel for Gaston B. Means, accused of the murder of Mrs. Maude A. King of Chicago, as a result of their failure to get possession of certain papers in the case. The action was directed against Assistant District Attorney Dooling and other New York officials, who came to Concord to assist in Means' prosecution. The court said it probably would announce its findings tomorrow.

Means' counsel presented a number of affidavits to show that the papers were seized in Means' New York apartment, sent to Concord, removed from there to Salisbury and later sent back to New York. State Solicitor Clement argued on behalf of the defendants that the witnesses were exempt from service of process while in the state and that the judge issuing the order for the papers was without jurisdiction.

AMUSEMENTS

MADAME PETROVA AT BUTLER.

Madame Petrova, the Russian actress, who is starring in "Undying Flame," at the Butler this evening, is one of the most talented actresses on the screen and has an enviable international reputation on both screen and stage. The fact that she is appearing in pictures produced by the Lasky company recalls the fact that Mr. Lasky is the man who first introduced this great actress to America. A few years ago, while Mr. Lasky was making his customary trip to Europe in search of new talent for his "Follies Bergeres," he heard of a remarkable young girl at the Tivoli, in London, who had created a sensation by her singing. He attended the performance, was greatly impressed and proceeded to negotiate with her to make her American debut under his management. Mme. Petrova proved to be a phenomenal success in the "Follies" and later went into vaudeville and also appeared in the serious drama.

In addition to the feature, the Ford Educational Weekly will be shown. Mme. Petrova is a very popular screen star and a wonderful drawing card, so everyone is urged to come early and secure a good seat. Tomorrow, Olive Thomas, the most photographed girl in the world, known as "The Harrison Fisher Beauty"—Miss New York of the "Follies"—makes her triumphant entry in the picture world in "Madcap Madge." She is the most celebrated beauty of the day. Do not miss seeing her. Thursday—vaudeville.

STILL IN DOUBT AS TO TAYLOR MEASURE

NO INFORMATION AS TO WHETHER OR NOT THE EXEMPTION IS COMPLETE.

The Taylor act, exempting claim owners from performing annual work during the continuance of the war, is a matter that vitally concerns thousands of people in Nevada. The Bonanza has received conflicting reports from Washington relative to whether it would, as finally amended, include claim owners who are not in the service of the United States, so it wired the Associated Press this morning for explicit information, receiving the following somewhat vague reply:

"Exemption bill signed about ten days ago. Regret unable answer specific inquiry as text unavailable here."

He will be followed by the mother of the baby and the two nurses who were asleep in the room from which the child was stolen on May 30.

BULGARIANS FEAR TAKEN PRISONER

(By Associated Press.)
LONDON, Oct. 9.—As evidence that the Germans have taught the Bulgarians that their lives will be forfeited if they are taken prisoner by the British, the following extract from a letter by a British officer on the Saloniki front is published by the Daily Telegraph:

"When we rounded up sixty Bulgarians in an attack recently the poor wretches were utterly terrified. Two or three tried to drown themselves in a pool, while others knelt on the ground, making the sign of the cross and waiting assassins' bayonet thrusts or worse."

"One who was a real sportsman kept his head and made a desperate effort to escape, very nearly getting shot, until he saw it was useless, and flinging down his rifle, surrendered to an officer. Beside this officer a Tommy stood watchfully in case the Bulgar was up to any nasty tricks, and the latter seeing this attitude and taking him for his appointed murderer, with a dramatic gesture threw back his head and bared his chest. He opened his shirt with both hands, then faced the soldier with the bayonet, whom he supposed to be waiting for the officer's word to run him through."

"Tommy's method of easing the tension was rapid. He brought out his packet of cigarettes and offered one to the Bulgar."

"Up to this moment the Bulgar had been as brave as a lion, but the offer of the cigarette in place of the end of the bayonet was too sudden a change in his outlook. He gave a gasp and sat down trembling, unable to light the cigarette at the match which the soldier was holding ready for him."
